

Safer tools. Better performance.

PUZZLE – Towards a Sophisticated SIEM Marketplace for Blockchain-based Threat Intelligence and Security-as-a-Service

Cybersecurity

Cybersecurity is a complex and fast-evolving field, security professionals and experts working for SMEs & MEs need constant learning.

Innovation

Through state-of-the-art technologies including AI, trusted computing and Blockchain, SMEs & MEs will enhance their security posture and efficiently process information flows and online collaboration knowledge sharing.

Challenges

Malicious online activity can cost enterprises everything. Protecting organisations is the paramount for the PUZZLE project.
